# SPRING - SUMMER - AUTUMN - WINTER

## The Cantabrian Mountains

## The Cantabrian Mountains

We offer you an authentic experience, a responsible trip to the wildest and best preserved corners of the Cantabrian Mountains. It is a refuge for many animal species such as grouse, griffon vultures, wild cats, deer, brown bears and of course wolves.

You will travel with our qualified mountain guide, an expert in wildlife sightings. And you will take you to the best trekking routes, to observe the Iberian wolf in freedom, enjoying the landscapes, culture, the delicious gastronomy and the best wines.

SPRING - SUMMER - AUTUMN - WINTER  
The Cantabrian Mountains

## Wolves observations and sightings in the Cantabrian Mountains

The Cantabrian Mountains is the westernmost mountain range in Europe and has one of the highest densities of wolves. The ecosystem of this mountain range is formed by pastures, forests

of beech and rocky. These constituting a perfect habitat for the wolf, so it is possible to see this carnivore by visiting the most remote valleys of these mountains.

**The Cantabrian Mountains**

## **Traces of footprints and trekking**

We offer the most wild and spectacular routes in the most authentic places of the Cantabrian Mountains. We do it in the environment of the Iberian Wolf, differentiating the different types

of ecosystems, feeding, footprints and traces of wild animals. Enjoying a unique landscape and environment is essential in every outing we make.

## SPRING - SUMMER - AUTUMN - WINTER The Cantabrian Mountains

### **DAY 1**

Arrival at Villardeciervos in “Sierra de la Culebra” (Snake’s Mountain Range).

Then introducing of the group, dinner and short presentation of the program.

### **DAY 2**

Breakfast and departure in the morning for Iberian Wolf observation.

After the sighting, we will make a beautiful route to “Peña de Castro” (Castro’s Rock) for those who are interested, an archaeological point of interest where there are some stone walls that once were the dwellings of former settlers in the area. During the road it is possible to see traces or footprints.

Lunch and, late in the afternoon, you can make another exit for Iberian wolf observation.

Dinner and rest.

### **DAY 3**

Breakfast and departure in the morning for Iberian wolf observation.

Lunch Visit and cultural walk through the streets of Villardeciervos, declared a historical and artistic site, where the stone, most of the masonry, is the protagonist.

During the walk we can taste its famous sweets, pomace and wines of the area, denomination Vino de Toro.

Late in the afternoon it is possible to make another exit for Iberian wolf observation.

Dinner and rest.
